Mr James Brown  
Laurel Hill  
N. Carolina

Dear James:

Of course I was not surprised to learn you had gone home. I hope your mother is well by now.

I am writing to find out when you plan to return. You know you still owe me some money. You also neglected to leave your socks and cap.

I will be looking to hear from you as soon as possible. The team plays next Sunday June 27th in Newark, and then goes south to Richmond, Norfolk, Portsmouth, and Washington DC July 4th. We are in Richmond Monday June 28th, Norfolk the next three days, and back in Richmond the second of July, and Washington the 4th. You could meet us any of these places. I would prefer you coming to Richmond the 28th. I know you can not make any thing like the money you were getting on the ball-club, working in N. Carolina, then too you have a chance to get more each year as you improve. Let me hear from you right away, as to whether to expect you or not.

Very Truly Yours

If you do not rejoin the club, what arrangements are you going to make about paying me the money you owe me?
